## **TELEMUNDO POLL: STATE OF THE LATINO VOTE IN TEXAS**

### HOW THE POLL WAS CONDUCTED

**This poll was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from October 14 through October 17, 2024.**

**A total of 625 registered Hispanic voters statewide were interviewed live by telephone in Texas. All indicated they were likely to vote in the November general election.**

**Those interviewed were randomly selected from a phone-matched Texas voter registration list that included both land-line and cell phone numbers. Quotas were assigned to reflect Hispanic voter turnout by county.**

**The margin for error, according to standards customarily used by statisticians, is no more than  $\pm 4$  percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all Hispanic voters in Texas were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.**

**QUESTION: If the 2024 presidential election was held today, which one of the following presidential/vice presidential tickets would you vote for:**
